

and other applied technologies to reduce emissions, improve air and water quality and conserve scarce natural resources. Mindful of the recent declaration of the G-8 environment ministers at Leeds, we will together address the risks posed by climate change, enforce multilateral environmental agreements, protect marine diversity and reduce threats to the health of our children.

Together the United States and Italy, working with our partners in Europe and elsewhere, have the opportunity to shape a future that is more secure, peaceful, free, and brighter for all. We pledge to do all we can to make the most of this chance to build an enduring legacy of peace and prosperity for the 21st century.

Statement on Proposed Tobacco Legislation

May 6, 1998

I commend Representatives Hansen and Meehan for their hard work in putting together a strong bipartisan comprehensive tobacco bill designed to reduce youth smoking in this country. The Hansen-Meehan bill contains a substantial price increase, strong industry and company penalties for failure to reduce youth smoking, full FDA authority to regulate tobacco, strong restrictions on advertising and youth marketing of tobacco products, and strong protections against exposure to environmental tobacco smoke. I look forward to working with them to ensure that their legislation adequately protects tobacco farmers and to pass a comprehensive tobacco bill this year.

Statement on Coerced Abstinence for Drug Offenders

May 6, 1998

This week, the Connecticut legislature adopted a statewide policy of coerced abstinence for drug offenders. Two States—Connecticut and Maryland—have now joined the Federal Government in embracing tough systems of testing and sanctions for drug of-

fenders. All States should follow their lead, and Congress should support their efforts. The choice is simple: cut crime and drug use by demanding that criminals kick their drug habits, or release drug offenders back into the community knowing they will commit more crimes to feed their addiction.

Statement on Funding To Fight Methamphetamines

May 6, 1998

I am pleased today to announce \$8.8 million of new Federal money from the Office of National Drug Control Policy's High Intensity Drug Trafficking Program to fight methamphetamines, a deadly drug. These new funds will bolster joint Federal, State and local law enforcement efforts now underway as part of this Administration's comprehensive National Methamphetamine Strategy. By further strengthening the ability of law enforcement to target those who produce and push methamphetamines, we take this deadly drug and the accompanying crime off our streets and protect our children.

Message to the Congress Transmitting the Ukraine-United States Agreement for Cooperation on the Peaceful Uses of Nuclear Energy and Documentation

May 6, 1998

To the Congress of the United States:

I am pleased to transmit to the Congress, pursuant to sections 123 b. and 123 d. of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2153 (b), (d)), the text of a proposed Agreement for Cooperation Between the United States of America and Ukraine Concerning Peaceful Uses of Nuclear Energy, with accompanying annex and agreed minute. I am also pleased to transmit my written approval, authorization, and determination concerning the agreement, and the memorandum of the Director of the United States Arms Control and Disarmament Agency with the Nuclear Proliferation Assessment Statement concerning the agreement. The joint memorandum submitted to
